---

### IRIS60/8 SENSOR

Product code: SI-112

Price: \$750.00

IRIS60/8 is a flash-lidar sensor incorporating a class-1M eye safe infrared laser designed to detect retroreflective material. 60 x 45° field of view. Detection range can be set to between 1 and 8 metres. Contains an integrated audible pedestrian/operator alarm. Suitable for indoor and outdoor use on mobile plant in all conditions. Rugged ASA plastic housing, high chemical and UV resistance. IP67.

---

### UNIVERSAL MOUNTING BRACKET

Product code: SI-114

Price: \$75.00

Folded stainless steel mounting bracket. Suitable for over, under, vertical, or angled surface mounting.

---

### WEATHER COVER

Product code: SI-115

Price: \$65.00

Powder coated aluminium rain and sun shield for outdoor applications.

---

### CONTROL BOX

Product code: SI-113

Price: \$245.00

#### Not required for open-cab forklift applications

The in-cab Control Box connects up to four IRIS60/8 sensors. Features LED sensor status indication and audible driver alarm. Includes power cable.

---

## POWER CABLE (2M)

Product code: SI-116

Price: \$35.00

Required for open-cab forklift applications. 2 m cable used to connect IRIS60/8 sensor to the vehicle's power supply and reverse circuit.

---

## SENSOR CABLE (5M)

Product code: SI-117

Price: \$45.00

5 metre long cable to connect IRIS60/8 sensor to the in-cab Control Box (if used).

---

## VIDEO CAMERA MODULE

HD video camera accessory attaches to the IRIS60/8 auxiliary port and captures a 30 second video loop of each detection.

UNDER DEVELOPMENT

---

## SHIPPING

Stock will be shipped ex-Wellington, New Zealand.  
Shipping costs are additional.

---

## INSTALLATION

Cost does not include installation. Installation can be arranged with your vehicle maintenance/lease provider or in-house engineers.

### WARRANTY

All Seen products are covered by a 12 month warranty on workmanship and materials.

DISCLAIMER. Seen's IRIS60/8 LIDAR sensor is an add-on safety device which provides audible alert information to the operator, but does not provide active safety functions or control the machine.
